11 years OEM/ODM services factory

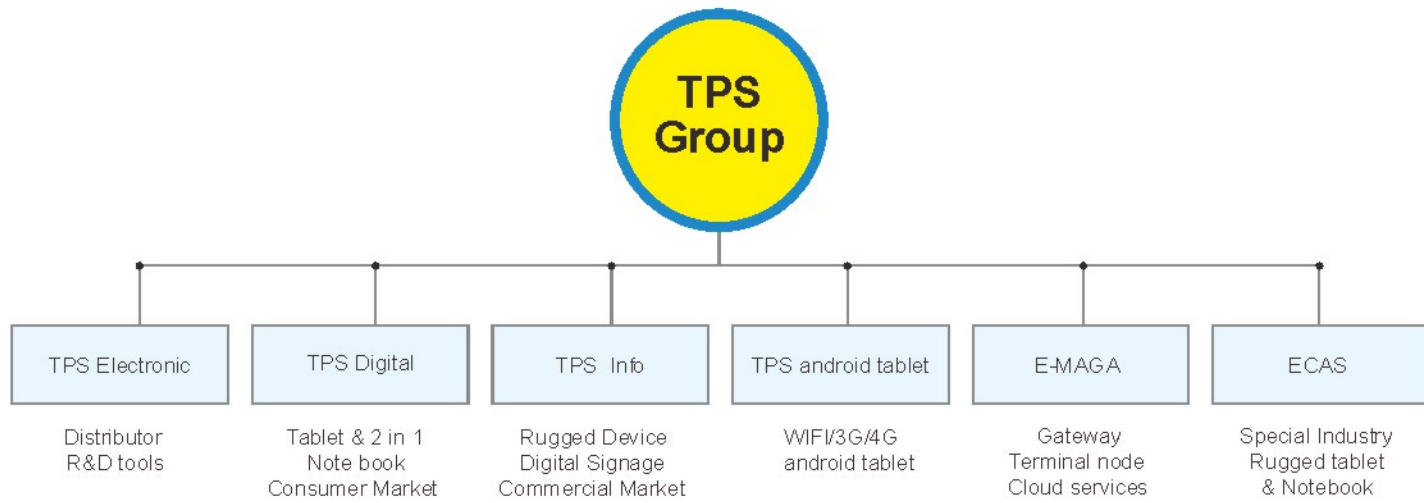

Company introduction

Established in 2008, Shenzhen TPS Industry Technology Co., Ltd is professional engaged in developing and manufacturing custom electronic product.

We are a large comprehensive company that integrates research, development, manufacture and sale together. Our main products include tablets, laptop and smart phone. As one of the high-tech enterprise, we own 8,000 square meters' modern plant, 20 R&D engineers and more than 380 employees. And we provide 11 years OEM/ODM service for the customers all over the world.

Now Factory is equipped by 3 SMT lines and 15-Production lines(5 in Shenzhen factory and 10 in Jiangsu factory) to assemble production for android tablet, windows laptop and smart phone. We own test lab. Product are approvals with certifications including RoHS, CE, FCC, UL, FDA, BIS, CB, PCT etc.

Let us cooperate with each other to create a bright future and mutual benefits.
